

AMENDMENTS TO THE SPECIFICATION:

Please cancel the originally-filed Abstract of the Disclosure, and add the accompanying new Abstract of the Disclosure which appears on a separate sheet in the Appendix.

Please replace the heading beginning at page 30, line 18, with the following rewritten paragraph:

--Example 4: Determining the selectivity of Klenow exo-DNA polymerase for labeled/unlabelled nucleotides--

Please replace the heading beginning at page 32, line 20, with the following rewritten paragraph:

--Example 5: Determining the relationship between fluorescence signal and number of bases incorporated in homopolymer stretches with Cy5-SS-dGTP/dGTP mixes according to WO 00/53812--
